AMENDMENTS TO THE SPECIFICATION

As discussed in more detail herein, the May 2, 2006 Office Action objects to several portions of the specification. Due to the numerous amendments being made to the specification, Applicant is submitting herewith: (i) a substitute specification (without claims or the Abstract) pursuant to 37 C.F.R. § 1.125(a), with markings showing all the changes relative to the immediate prior version of the specification of record (Appendix A); and (ii) a clean version of the substitute specification (Appendix B).

Applicant submits that no new matter has been introduced by way of the amendments contained in the substitute specification.
